

Lisa Sanborn

Lisa has lived in Geauga County for 61 years. Lisa said she loves that Geauga County has a rural small-town atmosphere where neighbors help neighbors. She wanted to join the Hunger Task Force after she had taken time off from several volunteering positions while she was raising her daughter and wanted to get back to being of service. The opportunity presented itself to her at a program she attended last year. Lisa decided she wanted to help be part of the solution to end hunger in the county.
