

Sue Juhasz

Sue has lived in Geauga County her whole life. She loves that Geauga is both country and suburbs. Sue feels Geauga has a great balance of nature and neighborhoods in its park system and communities. Sue wanted to join the Hunger Task Force because she felt this group truly cares for people right here in our community. Sue felt she was part of the group soon after starting the Good Tidings Benefit Choir. She could see the Hunger Task Force is a great steward with all the dollars raised.
